PROFESSIONAL SUMMARY

Tech-savvy Full Stack Web Developer proficient in fundamental front-end languages and server-side languages. In-depth knowledge of Angular, React, Node.js, and MongoDB. Analytical and precise professional with 5+ years of hands-on experience taking charge of front and back-end web development. Skillful in creating servers and databases for functionality and designing and developing APIs. Hardworking collaborator with a track record of superior results.

EXPERIENCE

Udaan, Bengaluru — *Application Developer*

November 2021 - PRESENT

I have been working on the Pharma, Food & FMCG Demand Problem Statement, Which includes the Discovery experience, Promotions, and engagement of buyers and driving business needs to meet product definitions.

- Designed and build numerous products to simplify the discovery experience
- Designed and integrated Promotions and Games for increasing user retention and daily active users
- Developed internal consoles

Roambee, Ahmedabad — *Full Stack Engineer*

March 2020 - November 2021

I worked with Roambee's customer-centric team to improve the website and make it more feature-rich and contributed to the back-end experience and collaborated on APIs to determine functionality and reliability.

Anblicks, Ahmedabad — *Associate Software Engineer*

January 2020 - February 2020

Contributed to developing the internal console "Key performance indicators dashboard"

Aspire Softserv, Ahmedabad — *Associate Software Engineer*

July 2017 - December 2019

Wrote and developed new and well-tested code for different software

projects and evaluate project requirements, identified challenges, and proposed alternatives using research and data.

INTERNSHIP

Aspire Softserv, Ahmedabad — *Software Developer Intern*

January 2017 - July 2017

Learned new technologies and systems through extensive research and training to understand software functionality. Successfully created HTML templates, JavaScript files, and CSS for UI module development.
